

icotek is hiring for a

Marketing Specialist – part time

icotek[®]
smart cable management

What everyday working life looks like at icotek USA

- You will engage regularly with icotek's marketing team, headquartered in Germany to get broad exposure to our entire business and establish strategic direction.
- You will coordinate, implement and further develop various B2B marketing activities that drive brand awareness and generate demand through online and offline channels.
- You will support the creative direction in conception and design, targeting the American market.
- You will drive marketing engagement in the US market, identify opportunities to increase revenue and support current ad placements.
- You will support coordination of trade shows.
- You will edit German marketing materials to address the US market.

The ideal candidate will have

- English as their native language; German language skills are not required
- Bachelor's Degree, **preferably in Marketing**, Communications, Public Relations or related.
- **5 years of experience** in a digital marketing role at a **B2B company**.
- Well rounded marketing experience with an eye for **technology, content and design**.
- Excellent skills in **Adobe Creative Cloud** (especially Photoshop / Indesign).
- You are **full of creative ideas** and also able to implement them promptly.
- You own the ability to **work independently** while integrating well with the Creative Direction.
- **Photography experience** or interest a plus.
- You have a **positive, friendly attitude**, high level of creativity and personal commitment to your work.
- Availability for a one month **training/onboarding in our headquarter** in Germany.

At icotek you will receive

- Experience in an innovative industry with an **international and fast growing company** at our North American headquarters in downtown Chicago, IL.
- The task of **developing marketing for the US market**.
- Opportunity for **growth**.
